1. OGIER / INGRASSIA

« Good stage, happy with my rhythm. I needed a bit of time to find the rhythm, I can't be immediately at the limit in the first morning loop. »

2. TANAK / JARVEOJA

« We have a very sick car, we have to go. It is changing gear all the time by itself. Power steering too. »

3. EVANS / BARRITT

« It was okay but the tyres were moving a lot more, especially at the beginning. Higher temperatures I think. I might have pushed them over the limit. »

5. NEUVILLE / GILSOUL

« I try to be smooth. Had mud on the windscreen towards the end and was not seeing well but in any case, the target is to control. »

6. SORDO / MARTI

« A little bit happier with the road. More clear areas with good grip. I enjoy a bit more. »

8. LEFEBVRE / MOREAU

« I'm very sorry, I take zero risks. »

10. LATVALA / ANTTILA

« We adjusted the [differential] pre-load and my driving. Last time here I started too fast and aggressive. Now I calm down on the Tarmac section and went better on the ice. I am happy with the stage. »

11. HANNINEN / LINDSTROM

« It was okay. A little bit wide on one left-hander. The grip is changing all the time. »

12. BREEN / MARTIN

« More black stuff this time, unfortunately. What can I do? When it's bone dry I can't do anything. I shouldn't really be looking at the times of the other guys. »
